

## Level 3 Advanced Apprenticeship in Business Improvement Techniques

### The Qualification

The apprenticeship is aimed at empowering the people that make decisions within the organisation; this means that Senior Management, Operations Management, Team Leaders.

Companies no longer dictate the type, quantity and cost of their products, this is now becoming the role of the customer who is now demanding responsive delivery, consistent quality, and good customer service and most important of all a competitive price.

### The Programme

We work with each of our clients to develop a bespoke delivery programme suited to each individual. This includes both training and assessment activity. Learners are expected to lead group improvements which deliver a bottom line saving in Quality, Cost and Delivery (QCD) over the course of the programme. There are a number of units that can be selected including SMED, TPM, Flow Process Analysis, FMEA and developing SOP's. TACS will work with you to select the most appropriate units to gain maximum business benefit.

The programme is usually delivered over a 18 month period and consists of an NVQ, Technical Certificate, ERR, PLTS and Functional Skills in English and Maths at Level 2.

### Who is the qualification for?

The Level 3 qualification is aimed at leaders or future leaders of Continuous Improvement (Kaizen) activities. These can include:

- Those people who through Continuous Professional Development are being prepared to take on staff responsibilities in a business improvement environment.
- Those employed as Team Leaders or supervisors and are responsible for leading business improvement activities.
- Learners who wish to progress from the Business Improvement Techniques Level 2.

### Who's involved in the NVQ process?

**TACS Ltd** - The Training and Assessment Company  
**Rick Nicholson** – Internal Quality Assurer

**Rob Dignen**- Your Trainer / Assessor  
**EAL** - The Awarding Organisation
