

Level 3 Certificate In Management

Objective

The programme is designed to offer those individuals in a supervisory position within an organisation the opportunity to deliver strategic planning to their teams and organise an effective workforce.

The Programme

The programme is aimed at individuals who are currently in a team leader/ supervisor type role or who wish to develop into that role by:

- Giving formal recognition of current skills
- Offering those individuals looking to gain occupational confidence in order to drive the performance of teams and businesses.

The programme will involve some classroom training and on the job assessment. Your assessor will tailor your programme to suit any special requirements.

Timescale

Although there is no specific timescale involved it would usually take approximately 9 - 12 months to complete the qualification.

Qualification Overview

The certificate requires achievement of a minimum of 25 credits, 14 of which are mandatory from 3 units and 11 of which are optional from 36 units.
