

Level 7 Diploma In Management (QCF)

Objective

The programme is designed to give those individuals in a senior management role the opportunity to gain a naturally recognised qualification to formalize their skills and abilities.

The Programme

The programme is aimed at individuals working as part of a senior management team to enhance their skills and encourage decision making at a strategic level.

The programme will involve some training and assessment which will be delivered on site and in the individuals workplace.

Your assessor will tailor your programme to suit any special requirements.

Timescale

Although there is no specific timescale involved it would usually take approximately 9 - 12 months to complete the qualification.

Qualification Overview

The qualification requires achievement of 45 credits, 27 credits from 3 mandatory units and 18 credits from 8 optional units.
